

Family, safety, respect, excellence, integrity and unity

PAIN MANAGEMENT (PM) CERTIFICATE

This course trains members to safely provide pain relief in emergency situations. It teaches the correct use of pain relief medications while following legal and safety guidelines. Completing this course allows members to assist on patrols and support their club and community during incidents.

PREREQUISITES

- Current financial surf life saving WA club member
- Minimum age 18 years
- Currently proficient in First Aid (HLTAID011) and Advanced Resuscitation Techniques (either ART or HLTAID015)

NOTE 1: The First Aid qualification should have at least one year of currency. All ART qualifications require annual skills maintenance

NOTE 2: Proof of currency in First Aid and ART is required before you can join the course
